

DON'T LET TENNESSEE BLOCK GRANT MEDICAID.

Right now, Medicaid is under attack. Government officials are threatening to change Tennessee's Medicaid program — TennCare — to a block grant. If that happens, the most vulnerable among us could lose access to the medical care and treatments they desperately need. For 1.4 million Tennesseans, including patients, pregnant women, the disabled and children, this is a life or death issue. It's time to stand up for them and stand up for Medicaid.

**CMS: Protect Medicaid.
Block the block grant proposal.**
